Welcome to Camp 2020!

Greetings Camp Families!

We are so excited to be with your family this summer at camp! We have a lot of fun activities planned for session II!

The first week of session II has been very successful getting to know all the new campers and see a lot of the "old" ones!

The camper groups are all getting to know each other and letting our staff know what activities they would like to do most. When possible, we do many activities outside. When the children get too hot and/or there is not enough shade, we do activities indoors in their room or the gym.

All campers' desks are 6 feet apart and they can take their mask off when they are seated and when they are 6 feet apart outside. It is a constant challenge to keep the masks on, but they are doing their best.

Please make sure that you camper has a clean mask every day. Disposable masks are not meant to be used two days in a row. We have some extra disposable as well as cloth ones that the Northbrook Public Library donated!

Now that we are in Phase 4, the campers have been enjoying the playground and LOTS of water games; water balloons, sprinklers and water squirters are a hit!

The groups had some quotes/likes to share!

Group 1: "We like water balloons, regular balloons, and lots of music!"

Group 2: "We want Mentos and Diet Coke!" and an inspirational quote from B.C., "Love life and it will love you back."

Group 3: We like playing soccer, fencing with pool noodles, kickball, and tennis baseball." Also, "We are doing the play Shrek!"

Overall, the kids have been wonderful and are being quite good at social distancing with a few reminders needed now and then! This is new for everyone and we appreciate all the families' support and feedback. This is like no camp we have ever done, but so far, so good! Thank you for choosing the Northbrook Park District as your summer camp!
